A. PROJECT DESCRIPTION

The Public Affairs Section (PAS) of the U.S. Embassy in Kabul, Afghanistan is pleased to announce an open competition for eligible organizations to submit applications for a project to carry out media activities that support the current peace process and future reconciliation efforts.

Please carefully follow all instructions below.

Executive Summary

PAS seeks proposals for a project that will support current peace and reconciliation efforts through 1) developing media fact-checking capacity, 2) enhancing peace reporting and public outreach on the peace process, and 3) strengthening provincial media organizations.

This project will:

- 1) support the creation of fact-checking capabilities within one or more media organizations. The recipient will design and develop a fact-checking unit within one or more media organizations or NGOs. This fact-checking unit or units will publish the results of its work on social media and/or traditional media, and provide fact-checking information to a national audience.
- 2) improve national coverage of local/regional peace movements and their activities. The recipient will solicit and document public opinion around peace and how violence has impacted local communities. The successful applicant will provide coverage of role models/heroes who are working on peace and reconciliation at the regional/local levels.
- 3) assess the needs of provincial journalists and provincial media organizations and provide them with professional and technical training and networking opportunities.

PAS intends to issue an award for a period of 24 months (base period) with the option for one additional 12-month period.

Background

Afghanistan is a country in which the former Taliban regime banned television, destroyed antennas and transmitters, and permitted only one radio outlet (its own religious Radio Sharia). According to a 2017 survey by The Asia Foundation, since independent broadcasting resumed in 2001, the Afghan media landscape has grown significantly: from one independent radio station in 2002 to more than 100 terrestrial television channels, 302 FM radio stations, and nearly 1,000 publications. At present, various surveys estimate that more than 64 percent of Afghans listen to radio, while television viewership has risen to more than 66 percent. According to The Asia Foundation, in 2017 slightly more than 67 percent of Afghans had confidence in the media.

The Afghan media landscape remains diverse in terms of financial support and the political affiliation of Afghanistan-based outlets. Apart from major media entrepreneurs, media ownership is concentrated among political parties and influential current and former government figures. In addition, a small number of wealthy bankers and large businesses operate television

entities, radio stations, and newspapers. The religious community in Afghanistan also has a small share of the media.

The local information environment is complex with competing political narratives which play out daily in the reporting and commentary of local Afghan media outlets. Media organizations have enough capacity to do extensive reporting but don't have separate fact checking systems which focus on verifying sources. Social media use is growing and there is a need to educate the Afghan public about media literacy.

Provincial media have grown over the past 20 years and do quality reporting covering both local and regional stories. Part of this project will be to engage local media to build stories around peace and reconciliation movements, dialogue, and outreach. Another element will support these organizations through technical and professional training as well as collaboration on individual stories and reporting series.

Project Goal

The primary goal of this project is to support current peace and reconciliation efforts through developing media fact-checking, enhancing reporting on local/regional peace activities, and strengthening provincial media organizations.

Project Audience

The primary audience for this project is the Afghan public. The elements on fact-checking and local/regional peace activities reporting will be directed toward a national audience. The audience for the element on provincial media will be provincial journalists and media organizations. The focus of this element will be a small group of provinces, excluding Kabul, and the applicant will provide a justification for their choices.

Project Objectives

1. To educate the Afghan public about the peace process with the aim to gain their support for a just and durable peace settlement.
2. To educate the Afghan public about disinformation and propaganda through the execution of fact-checking programs.
3. To build consensus and dialogue around the peace and reconciliation efforts.
4. To increase the capacity of provincial journalists and media organization in their reporting on the peace and reconciliation process.

Project Details

The recipient will be responsible for designing and implementing the following activities and requirements. Proposals should clearly explain how the applicant will carry out each of them.

1. Develop fact-checking capabilities within one or more media organizations or NGOs.
 - a. Disseminate the information to the public via social media.
 - b. Utilize a variety of platforms to educate the public on disinformation, propaganda, and misinformation and how they relate to the peace process.
2. Monitor and report on peace-themed topics.
 - a. Topics will include
 - i. local peace movements and conflict reconciliation activities,

- ii. advocacy and discussions around peace and reconciliation at the provincial and local level.
 - b. Activities will include, but are not limited to:
 - i. Collecting opinions on the peace process, reconciliation efforts, and their impact on local communities.
 - o For example, conducting interviews, surveys, observing community gatherings, and documenting discussions.
 - ii. Collecting and sharing stories on how violence has impacted individuals and communities and relates to the desire for peace.
 - iii. Highlighting peace and reconciliation heroes/role models at provincial and local levels. Selected heroes/role models should reflect the diversity of Afghans in terms of geographic location as well as professional, educational, ethnic, and family backgrounds.
 - iv. Highlighting local and provincial media content on the peace process and any future reconciliation efforts.
 - c. Reporting should be made available on multi-media platforms (television, radio, social media, etc.) for dissemination to a national audience.
- 3. Develop and execute an information dissemination/broadcast plan. The plan should clearly explain which platforms (e.g., TV, radio, social media, etc.) will be utilized and how this information will reach the widest possible audience.
- 4. Plan and execute activities that support provincial journalists and provincial media organizations in at least four provinces outside of Kabul.
 - a. Activities will include, but are not limited to:
 - i. Assessing the needs of provincial journalists and media organizations.
 - ii. Providing professional and technical training as well as networking opportunities.
 - iii. Identifying opportunities for reporting and stories related to the peace process.
 - b. Applications should clearly communicate in which provinces these activities will take place as well as the rationale for selecting them.
- 5. Develop and execute a monitoring and evaluation plan (as described below on p. 11-12). At a minimum, the plan must include:
 - a. Details about how the applicant will measure whether, and the extent to which, the project has catalyzed changes in
 - i. knowledge about the peace process among relevant segments of the Afghan public,
 - ii. knowledge about disinformation and propaganda among relevant segments of the Afghan public,
 - iii. levels of consensus and dialogue about peace and reconciliation efforts among program participants, and
 - iv. reporting capacity of provincial journalists and media organizations particularly on topics of peace and reconciliation.

- b. Pre- and post-surveys. These surveys could be used, for example, to collect data about changes in public knowledge of misinformation, disinformation and propaganda or data about changes in media literacy for media organization participants. Pre- and post- surveys might also be useful to collect data about changes within segments of the Afghan public resulting from fact checking or the development of fact checking systems in Afghan media.
- c. Qualitative focus groups. These qualitative focus groups could be used, for example, to assess the impact of the project's provincial outreach and media reporting on peace movements and how this has shaped discussions by the public and government on peace and reconciliation.

Applicants should refer to Section D for more information on the requirements for the M&E performance monitoring plan.

Proposal narratives should include a brief commitment to implement the program for the base period, plus one additional option period. The narrative should focus on details specific to the implementation of the base period program, with the understanding that the program design, duration, and number of beneficiaries would be similar when/if the subsequent two option periods are exercised. PAS will conduct a performance evaluation/review to determine if an option period will be exercised. Satisfactory performance and the availability of funds is a condition of continued administration of the program and execution of the option period.

The safety and security of all participants and activities under this project are the sole responsibility of the award recipient. Due to the changing nature of security in Afghanistan, PAS requires all applicants to include in their proposal a security plan to accompany appropriate programmatic elements within their proposal. Security packages may include, but are not limited to, secure transportation and lodging for personnel living or working in Afghanistan. Reasonable costs for necessary security are allowable expenses and may be included in the proposed budget. If a security company is engaged and funded under the award, it must be registered by the government of Afghanistan to operate in Afghanistan. Additionally, applicants should submit their organizational policy for working within high-risk environments, which should include security operational procedures.

As a cooperative agreement, the U.S. government will have significant involvement in this effort. The U.S. government's responsibilities will include, but are not limited to:

- Reviewing and approving plans to cover peace journalism activities.
- Reviewing and approving the plan for the fact-checking component.
- Reviewing and approving the plan and training schedule for provincial media organizations.

This project will be funded by Economic Support Funds, authorized by the Foreign Assistance Act, and is subject to the statutory limitations of such funding.

B. FEDERAL AWARD INFORMATION

Number of Awards Anticipated: 1

Anticipated Award Amount:

Base Period: The floor for the base period is set at \$500,000. The ceiling for the base period is set at \$750,000

Option Period One: The floor for option period one is set at \$300,000. The ceiling for option period one is set at \$350,000.

Funding Type: This project will be funded by Economic Support Funds, authorized by the Foreign Assistance Act, and is subject to the statutory limitations of such funding.

Anticipated Performance Period:

Base Period: 24 months

Option Period One: 12 months

Anticipated Program Start Date: July 2021

Potential for Option Years: Yes. PAS will entertain an application for continuation of the program beyond the initial base period on a non-competitive basis subject to availability of funds, satisfactory progress of the program, and a determination that continued funding would be in the best interest of the U.S. Department of State. PAS intends to award a cooperative agreement for a period of 24 months (base period) with options for one additional 12-month period (option period one). PAS will notify the recipient of its intention to exercise or not to exercise an option period approximately 90 days in advance of the expiration of the current award period after an internal evaluation of the recipient's performance.

Anticipated Funding Instrument Type: Cooperative Agreement

As a cooperative agreement, the U.S. government will have significant involvement in this effort. The U.S. government's responsibilities are outlined in Section A.

This NOFO is soliciting applications for the specific project outlined in Section A. Applications for renewal or supplementation of existing projects will not be considered under this NOFO.

Please refer to Sections A and D for monitoring and evaluation considerations and requirements including required performance indicators, targets, baseline data, and data collection methods.

This notice is subject to availability of funding.

C. ELIGIBILITY INFORMATION

Eligible Applicants

Eligibility is open to all types of applicants except for individuals. Please refer to Section D for funding restrictions. Organizations may sub-award/contract with other entities, but only one

entity may be the prime recipient of the award. When sub-awarding/contracting with other entities, the responsibilities of each entity must be clearly defined in the proposal.

Cost Sharing

Cost sharing or matching is not required for this funding opportunity.

Other Eligibility Requirements

- Applicants must have a valid Data Universal Numbering System (DUNS) number from Dun & Bradstreet.
- Applicants must have a NATO CAGE/NCAGE.
- Applicants must have and maintain an active [System for Award Management \(SAM\)](#) registration with current information at all times during which they have an active federal award or an application under consideration by a federal awarding agency. Note that SAM registration must be renewed annually. The U.S. Department of State may not make an award to an applicant until the applicant has complied with all applicable DUNS and SAM requirements. The Department may determine that the applicant is not qualified to receive an award and use this determination as a basis for making an award to another applicant.
- Applications that fail to furnish all documents and information outlined in Section D of this notice or comply with the stated requirements will not be considered for an award.
- Any applicant listed on the Excluded Parties List System (EPLS) in SAM is not eligible to apply for an assistance award in accordance with the Office of Management and Budget guidelines at 2 CFR 180 that implement Executive Orders 12549 (3 CFR, 1986 Comp., p. 189) and 12689 (3 CFR, 1989 Comp., p. 235), “Debarment and Suspension.” Additionally, no entity listed on the EPLS can participate in any activities under an award. All applicants are strongly encouraged to review the EPLS in SAM to ensure that no ineligible entity is included.
- There is no limit on the number of applications an entity may submit for this NOFO.
- Previous federal award recipients that are not/were not in compliance with the terms of the award, including the financial and program reporting requirements, are not eligible for an award under this NOFO. It is the applicant’s responsibility to ensure it is in compliance with all applicable terms, conditions, and Office of Management and Budget guidance and requirements.
- Applicants are advised that successful passing of vetting to evaluate the risk that funds may benefit terrorists or their supporters is a condition of award. Applicants may be asked to submit information required by DS Form 4184 *Risk Analysis Information* about their organization and its principal personnel. Vetting information is also required for all sub-award and contractor performance on assistance awards identified by the Department as presenting a risk of terrorist financing. If an application is selected to move forward in

the review process and when vetting information is requested by the Grants Officer, information may be submitted on the secure web portal at <https://ramportal.state.gov> or via email to RAM@state.gov. Questions about the form may be emailed to RAM@state.gov. Failure to submit information when requested or failure to pass vetting may be grounds for rejecting your proposal.

- Applicants are advised that individuals proposed to participate in an award resulting from this NOFO (recipient employees, contractors, beneficiaries, etc.) are subject to vetting for involvement in corrupt practices, illicit narcotics production or trafficking, and violation of human rights. Successful passing of this vetting is a precondition to any award under this NOFO.

D. APPLICATION AND SUBMISSION INFORMATION

Address to Request Application Package

This NOFO document and any amendments can be found at www.grants.gov and <https://af.usembassy.gov/embassy/kabul/sections-offices/pdprp/>. If you require special accommodation to access any information contained in this announcement, please contact KabulPASProposals@state.gov (preferred method of communication), +93 (0) 700 10 3706, or 1-301-490-1042 x3706.

Content and Form of Application Submission

Please follow all instructions below carefully. Applications that fail to furnish all documents and information or comply with the stated requirements will not be considered for an award. Applicants must set forth accurate and complete information as required by this NOFO. The penalty for making false statements in proposals to the U.S. government is prescribed in 18 U.S.C.1001.

Applicants must ensure:

- The proposal clearly addresses the goals and objectives of this funding opportunity.
- All documents are in English.
- All budgets are in U.S. dollars.
- All pages are numbered.
- All Microsoft Word documents are single-spaced, 12-point Times New Roman font, with a minimum of 1-inch margins.
- All materials are submitted in one of the following formats: .xls, .xlsx, .doc, .docx, .pdf, or .jpeg. Other file types will likely not be reviewed.
- File attachment names are in a format acceptable in Grants.gov. Grants.gov does not accept all UTF-8 special characters in file attachment names. Please note the file name restrictions at <https://www.grants.gov/web/grants/applicants/submitting-utf-8-special-characters.html>.

Any application that fails to include all the documents, forms, and information outlined below will not be considered for funding. Applicants are required to include the following documents and information:

1. Mandatory application forms

- **SF-424 Application for Federal Assistance – Organizations** available at <https://www.grants.gov/web/grants/forms/sf-424-family.html#sortby=1>
- **SF424A Budget Information for Non-Construction Programs** available at <https://www.grants.gov/web/grants/forms/sf-424-family.html#sortby=1>. See Annex 1, Guidelines for Budget Submissions, for further information.

2. Summary Page: Cover sheet stating the applicant's name and organization, proposal date, program title, program period proposed start and end date.

3. Proposal Narrative (50 pages maximum, with 30 pages minimum): The proposal narrative should contain sufficient information, such that anyone not familiar with it would understand exactly what the applicant plans to do and how the applicant plans to do it. You may use your own proposal format, but it must include all the items below:

- **Proposal Summary:** Short narrative that outlines the proposed program, including program objectives and anticipated impact.
- **Introduction to the Organization Applying:** A description of past and present operations showing ability to carry out the program, including information on previous grants from the U.S. Embassy, U.S. government agencies, and other donors.
- **Problem Statement:** Clear, concise, and well-supported statement of the problem to be addressed and why the proposed program is needed.
- **Program Goals and Objectives:** The "goals" describe what the program is intended to achieve. The "objectives" refer to the intermediate accomplishments on the way to the goals. These should be achievable and measurable.
- **Program Activities:** Describe the program activities, how they will be implemented, and how they will help achieve the objectives.
- **Program Methods and Design:** A description of how the program is expected to work to solve the stated problem and achieve the goal.
- **Proposed Program Schedule and Timeline:** The proposed timeline for the program activities. Include the dates, times, and locations of planned activities and events.
- **Key Personnel:** At a minimum Project Director and Financial Officer positions will be designated key personnel for this project. The proposal narrative should include names, titles, roles, and experience/qualifications of key personnel involved in the program and communicate what proportion of their time will be devoted to this program. As a required attachment, applicants must include a 1-page CV or resume for each key personnel proposed for the program. If an individual for this/these positions have/has not been identified, the applicant may submit a 1-page position description identifying the qualifications and skills required for the position in lieu of a resume.
- **Program Partners:** List the names and type of involvement of key partner organizations and sub-awardees.

- **Future Funding or Sustainability:** Applicant's plan to ensure that the project benefits will continue to be realized on a long-term basis after the conclusion of the period of performance of the award.

4. Monitoring and Evaluation (M&E) Plan: Proposals must include a draft Monitoring and Evaluation (M&E) Performance Monitoring Plan (PMP). The M&E PMP should show how applicants intend to measure and demonstrate progress towards the project's objectives and goals. **Annex 2** of this funding opportunity contains a template that may be used to fulfill this requirement. While the grantee may use their own template, completing **Annex 2** will ensure a thorough PMP. If an applicant chooses to use its own template, it must include all the information outlined in the template in Annex 2.

Prior to the issuance of any award as a result of this NOFO, the selected applicant will be required to work with PAS Monitoring and Evaluation Specialist to ensure the M&E PMP achieves an expected level of expertise and meets PAS objectives. PMPs may be subject to periodic updates throughout the life of the project.

The required components of the PMP include:

1. Monitoring and Evaluation Narrative: In narrative form, applicants should describe how they intend to monitor and evaluate the activities of the award and collect data that tracks award performance. This narrative should describe any M&E processes, including key personnel, management structure (where M&E fits into the overall program's staff structure), and technology.

The PMP should demonstrate that the applicant has considered how it will adjust project activities based on new information. For example, the plan should incorporate community or participant feedback to allow for adjustments to project activities. If the applicant has conducted similar programs in the past, the plan should describe how the applicant has adapted, improved or otherwise modified their approach based on learning from previous experience/past performance. If the applicant has not conducted similar programs, the plan should describe how the applicant used desk research, prior experience, or other evidence to directly inform program design.

If the project requires selecting participants, or beneficiaries, the PMP should articulate how the selection will be done in an equitable way.

This narrative is limited to two pages.

2. Theory of Change Diagram: Applicants must submit either a Theory of Change diagram or an If-Then Statement that illustrates how project activities will lead to intended outcomes. **Annex 2** includes a suggested format for these requirements. If an applicant chooses to use its own template, it must include all the information outlined in the template in Annex 2.

3. Monitoring and Evaluation Datasheet: The applicant must include their proposed activities and their expected outputs and outcomes as well as the goals and objectives as written in the NOFO. The datasheet's purpose is to explicitly illustrate how a project's activities lead to tangible results (such as increased beneficiary skills, knowledge, or attitude change) that ultimately address a PAS objective. For more information, please see **Annex 2.1: Instructions**.

The Monitoring and Evaluation Datasheet must include the following components, which demonstrate progress toward the program objectives set out in the NOFO:

- a. Indicators: Details about how to measure whether and the extent to which this project has catalyzed changes in
 - i. knowledge about the peace process among relevant segments of the Afghan public (Objective 1),
 - ii. knowledge about disinformation and propaganda among relevant segments of the Afghan public (Objective 2),
 - iii. levels of consensus and dialogue about peace and reconciliation efforts among program participants (Objective 3), and
 - iv. reporting capacity of provincial journalists and media organizations particularly on topics of peace and reconciliation (Objective 4).
- b. Data collection methods:
 - i. Pre- and post-surveys must be included. These could be used, for example, to collect data about changes in public knowledge of misinformation, disinformation and propaganda or data about changes in media literacy for media organization participants. Pre- and post- surveys might also be useful to collect data about changes within segments of the Afghan public resulting from fact checking or the development of fact checking systems in Afghan media.
 - ii. Qualitative focus groups must be included. These could be used, for example, to assess the impact of the project's provincial outreach and media reporting on peace movements and how this has shaped discussions by the public and government on peace and reconciliation.

Applicants are strongly encouraged to include additional indicators and/or data collection methods they determine will assess project impact. An indicator answers "how" or "whether" a project is progressing toward associated objectives. Indicators should be expressed quantitatively and should be objective and measurable (e.g. numeric value, percentages, indices). Examples of indicators include: number of gender-based violence survivors provided social support services; percent change in knowledge about investigative journalism, etc. Please reference Annex 2.1 for further instruction.

Expenses directly associated with monitoring and evaluation are considered allowable. Applicants must describe and justify in the Budget Justification Narrative (item 5 below) any line item for M&E listed in the program's budget.

4. Detailed Line-Item Budget: Applications will not be considered complete and eligible for consideration unless they include budgets that respond to the NOFO guidelines. Complete budgets must include detailed line items outlining specific cost requirements for proposed activities. Applicants must adhere to the regulations found in [2 CFR 200 Uniform Administrative Requirements, Costs Principles, and Audit Requirements for Federal Awards](#). The allowability of costs incurred by commercial organizations is determined in accordance with the provisions of the Federal Acquisition Regulation (FAR) at 48 CFR Part 30 and Part 31.

Applicants must include in their submission a detailed line-item budget for the base period and a budget category summary budget for each option period. Upon request, the recipient will be expected to present a detailed line-item budget for the option period(s).

Applications must include a detailed line-item budget (in Microsoft Excel or similar spreadsheet format) that delineates funds requested from the Embassy and cost-share (see below for more information on budget format). Costs must be in U.S. dollars. The budget must identify the total amount of funding requested, with a breakdown of amounts to be spent in the following budget categories: personnel; fringe benefits; travel; equipment; supplies; consultants/contracts; other direct costs; and indirect costs. See Annex 1 for a description of the types of costs that should be included in each category.

Additional Budget Considerations

- Applicants are advised that the Department of State will utilize Afghanistan's National Technical Assistance (NTA) scale to determine if salaries proposed in an applicant's budget are reasonable. Please refer to this website <http://www.budgetmof.gov.af/index.php/en/nta/about-nta> for information and guidance on the NTA.
- Please note the audit requirements for Department of State awards in the Standard Terms and Conditions <https://www.state.gov/m/a/o/e/index.htm> and [2 CFR 200](#), Subpart F – Audit Requirements. The cost of the required audits may be charged either as an allowable direct cost to the award OR included in the organization's established indirect costs in the award's detailed budget.
- Organizations claiming indirect costs should have an established Negotiated Indirect Cost Rate Agreement (NICRA). A copy of the NICRA should be provided with the proposal package. If sub-grantees are claiming indirect costs, they should have an established NICRA, and it should also be submitted with the proposal package. Information on how to obtain a NICRA rate is listed in Section G. **If a non-profit organization does not have a NICRA and the proposal budget has a line item for indirect cost charges, those indirect charges may not exceed 10% of Modified Total Direct Costs.** The 10% maximum does not apply to for-profit entities. For-profit entities that do not have a NICRA but do have a formally established General and Administrative (G&A) rate may apply the G&A rate. For-profit entities that do not have a formally established G&A rate should allocate indirect costs to the appropriate direct cost category.
- Grant funds cannot be used for alcoholic beverages.

5. Budget Justification Narrative: The purpose of the budget justification narrative is to supplement the information provided in the budget spreadsheet by justifying how the budget cost elements are necessary to implement project objectives and accomplish the project goals. The budget justification narrative is a tool to help PAS staff fully understand the budgetary needs of the applicant and is an opportunity to provide descriptive information about the requested costs beyond the constraints of the budget template. Together, the detailed budget spreadsheet, the budget justification narrative, and the SF-424A should provide a complete financial and qualitative description that supports the proposed project plan and should be directly relatable to the specific project components described in the applicant's proposal.

6. Required Attachments:

- 1-page CV or resume for each key personnel proposed for the program. For this program, Project Director and Financial Officer are considered key personnel. If an individual for this/these positions have/has not been identified, the applicant may submit a 1-page position description identifying the qualifications and skills required for the position in lieu of a resume.
- Letters of intent from program partners (including sub-recipients and contractors) describing the roles and responsibilities of each partner.
- If your organization has a NICRA and includes NICRA charges in the budget, your latest NICRA should be included.
- Security plan.
- Organizational policy for working in high-risk environments

Please note:

- Other items NOT required for submission but which may be requested if your application is selected to move forward in the review process include:
 - Copies of an organization or program audit within the last two (2) years
 - Copies of relevant human resources, financial, or procurement policies
 - Copies of other relevant organizational policies or documentation that would help the Department determine an organization's capacity to manage a federal grant award overseas
 - Completion of a pre-award organizational information sheet to determine what financial controls and standard operating procedures an organization uses to procure goods and services, hire staff and track time and attendance, pay for grant-related travel, and identify other financial transactions that may be necessary to undertake the activities in your application
 - The U.S. Embassy reserves the right to request any additional programmatic and/or financial information regarding the proposal.
- Applications are accepted in English only, and final grant agreements will be concluded in English. Budgets should be submitted in U.S. dollars, and final grant agreements will be conducted in U.S. dollars.

Submission Dates and Times

Application Deadline: All applications must be received by **June 22, 2021**, at 11:59 p.m. U.S. Eastern Time. For the purposes of determining if an award is submitted on time, officials will utilize the time stamp provided by Grants.gov. This deadline is firm and is not a rolling deadline. If organizations fail to meet the deadline noted above, their applications will be considered ineligible and will not be considered for funding.

Question Deadline: For questions on this solicitation, please contact KabulPASProposals@state.gov. Questions must be received on or before **May 17, 2021**, at 11:59 p.m., U.S. Eastern Time. Applicants should not expect an email response to questions, as questions received before the deadline will be answered in a question and answer document and posted at <http://www.grants.gov> and <https://af.usembassy.gov/embassy/kabul/sections-offices/pdprp/>.

Submission Process

This section provides the application submission and receipt instructions for program applications. Please read the following instructions carefully and completely.

Electronic delivery via www.grants.gov

PAS is participating in the Grants.gov initiative to provide the grant community a single site to find and apply for grant funding opportunities. **PAS requires applicants to submit their applications electronically through Grants.gov. Applications submitted via any other means such as email will not be accepted.**

To submit an application via Grants.gov, applicants must have

1. A valid DUNS number from Dun & Bradstreet. If your organization does not have one already, you may obtain one by calling 1-866-705-5711 or visiting <http://fedgov.dnb.com/webform/displayHomePage.do;jsessionid=81407B1F03F2BDB123DD47D19158B75F>. Instructions on obtaining a DUNS number can be found at <https://www.grants.gov/web/grants/applicants/organization-registration/step-1-obtain-duns-number.html>.
2. A NATO CAGE/NCAGE. If your organization does not have a CAGE/NCAGE, visit <https://eportal.nspa.nato.int/AC135Public/scage/CageList.aspx> to start the process. For more information on NATO CAGE/NCAGE, see <https://eportal.nspa.nato.int/AC135Public/Docs/US%20Instructions%20for%20NSPA%20NCAGE.pdf>.
 - For NCAGE help from within the United States, call 1-888-227-2423.
 - For NCAGE help from outside the United States, call 1-269-961-7766.
 - Email NCAGE@dlis.dla.mil for any problems with obtaining an NCAGE code.
3. An active SAM registration (www.SAM.gov) with current information at all times during which they have an active federal award or an application under consideration by a federal awarding agency. Applicants must be fully registered in SAM before submitting an application; applicants that do not have an active SAM registration will be deemed ineligible and will not be considered for an award. For information on how to register with SAM, see <https://www.grants.gov/web/grants/applicants/organization->

[registration/step-2-register-with-sam.html](https://eportal.nspa.nato.int/AC135Public/scage/CageList.aspx#show-video-popup) and <https://eportal.nspa.nato.int/AC135Public/scage/CageList.aspx#show-video-popup>. Note that SAM registration must be renewed annually. The Department may determine that the applicant is not qualified to receive an award and use this determination as a basis for making an award to another applicant.

4. A Grants.gov account. Instructions on how to register for a Grants.gov account can be found here: <https://www.grants.gov/web/grants/applicants/registration.html>.

The registration process can take up to five weeks to complete. Therefore, registration should be done in sufficient time to ensure it does not affect your ability to meet required submission deadlines.

Grants.gov has a full set of instructions on how to apply for opportunities on its website at <http://www.grants.gov/web/grants/applicants/apply-for-grants.html>.

Visit the Adobe Software Compatibility page on Grants.gov to download the appropriate version of the software at <https://www.grants.gov/web/grants/applicants/adobe-software-compatibility.html>.

Grants.gov does not accept all UTF-8 special characters in file attachment names. Please note the file name restrictions at <https://www.grants.gov/web/grants/applicants/submitting-utf-8-special-characters.html>.

Grants.gov recommends submitting your application package 24-48 hours prior to the submission deadline to provide you with time to correct any potential technical issues that disrupt the initial application submission.

Grants.gov provides customer support via the toll-free number 1-800-518-4726 and via email at support@grants.gov. For questions related to the specific grant opportunity, contact kabulpasproposals@state.gov. Please note, PAS cannot assist with questions on or technical issues with www.grants.gov. Applicants experiencing issues with Grants.gov should contact the Grants.gov Help Desk.

Timely receipt requirements and proof of timely submission

All applications must be received by the deadline communicated in this NOFO. Proof of timely submission is automatically recorded by Grants.gov. An electronic time stamp is generated within the system when the application is successfully received by Grants.gov. Applicants will receive an acknowledgement of receipt and a tracking number from Grants.gov with the successful transmission of their application. Applicants should print this receipt and save it as proof of timely submission.

When PAS successfully retrieves the application from Grants.gov and acknowledges the download of submissions, Grants.gov will provide an electronic acknowledgment of receipt to the email address of the Authorized Organization Representative. Proof of timely submission shall be the date and time that Grants.gov receives your application. Applications received by Grants.gov after the established due date for the program will be considered late and will not be considered for funding.

Applicants using dial-up connections should be aware that transmission should take some time before Grants.gov receives it. Grants.gov will provide either an error or a successfully received transmission message. The Grants.gov Contact Center reports that some applicants abort the transmission because they think that nothing is occurring during the transmission process. Please be patient and give the system time to process the application. Uploading and transmitting many files, particularly electronic forms with associated XML schemas, will take some time to be processed.

Intergovernmental Review

This funding opportunity is not subject to Executive Order 12372 “Intergovernmental Review of Federal Programs.”

Funding Restrictions

- **Construction:** Any award made as a result of this NOFO will not allow for construction activities or costs.
- **Pre-award Costs:** Any costs incurred prior to the award start date in the Federal Notice of Award are incurred at the recipient’s own risk. Approval of these costs requires authorization of the Grants Officer to be considered allowable, will only be considered on a case-by-case basis, and will only be authorized in extraordinary circumstances. Applicants should assume that any costs incurred before the start date on the Federal Notice of Award will not be authorized.

E. APPLICATION REVIEW INFORMATION

Selection Criteria

Applications submitted under this opportunity that comply with all the stated requirements and contain all the required elements will be evaluated and rated on the basis of the criteria detailed below. The criteria are designed to assess the quality of the proposed project plan/approach and to determine the likelihood of its success. The criteria are closely related and are considered as a whole in judging the overall quality of an application. Applications will be reviewed on the basis of their fullness, coherence, clarity, and attention to detail. Proposals will be selected for funding based on an evaluation of how the proposal meets the solicitation review criteria, U.S. foreign policy objectives, and the priority needs of PAS. Past performance on grants awarded by the U.S. Department of State, other U.S. government entities, or international donor agencies may also be considered.

PAS reviews all proposals for eligibility. Eligible proposals will be subject to compliance with federal regulations and guidelines and may also be reviewed by the Office of the Legal Adviser or by other Department elements. Final technical authority for assistance awards resides with the Department’s Grants Division.

Selection criteria for this NOFO will include:

1. **Quality and feasibility of the project idea (25 points):** The proposed project plan is well developed, with detail about how program activities will be carried out; responds to

the design outlined in the solicitation; and demonstrates originality. It is clearly and accurately written, substantive, and sufficiently detailed. The program plan adheres to the program overview and guidelines described above.

- 2. Ability to achieve project objectives (35 points):** Goals and objectives are clearly stated, and the program approach is likely to provide maximum impact in achieving the proposed results. Objectives are reasonable and feasible. The application clearly demonstrates how the institution will meet the program's objectives and plan. Proposed personnel, institutional resources, and partner organizations are adequate and appropriate to achieve the program goals.
- 3. Institution's record and capacity (15 points):** The application demonstrates that the organization has expertise in fields relevant to the project such as fact checking, outreach activities, media reporting, and working with provincial media organizations and has the internal controls in place to manage federal funds; has a solid and relevant institutional record, including successful programming; has responsible fiscal management involving complex budgets; and has the ability to comply with reporting requirements, especially for U.S. government grants. The application demonstrates experience in human resources and overseeing staffing. Past performance on grants awarded by the U.S. Department of State, other U.S. government entities, or international donor agencies may also be considered and factored into the applicant's score.
- 4. Monitoring and Evaluation (10 points):**
 - **Technical M&E:** The extent to which the Technical M&E component of the M&E Performance Monitoring Plan (PMP) is thorough, logical and methodologically appropriate. This includes a list of proposed project activities, corresponding milestone, output, and outcome indicators, a description of data collection methods, and a timeline for collecting such information.
 - **Program Design:** The extent to which the proposal addresses a significant problem, identifies an appropriate target audience and presents a clear theory of change on how the program will address that problem.
 - **Learning:** The extent to which the proposal demonstrates the intention and ability to adjust project activities based on new information.
- 5. Cost-effectiveness (10 points):** The overhead and administrative components of the proposal, including salaries and supplies, are consistent with prevailing market rates in Afghanistan. All items are necessary, appropriate, and directly relatable to the project's goals and objectives. The budget justification narrative is detailed and clear. Costs are reasonable in relation to the proposed activities and anticipated results. The budget is realistic, accounting for all necessary expenses to achieve proposed activities. Cost sharing is not required. The Department of State will utilize the NTA scale to determine if salaries proposed in an applicant's budget are reasonable. Please refer to this website <http://www.budgetmof.gov.af/index.php/en/nta/about-nta> for information and guidance on the NTA.

6. **Sustainability (5 points):** The application clearly communicates the applicant's strategy for ensuring that the project benefits will continue to be realized on a long-term basis after the conclusion of the period of performance of the award. The applicant presents a feasible approach to sustainability.

Review and Selection Process

It will take up to 120 days from the application deadline before an award or decline notice is sent from the Embassy to applicants. Due to the volume of proposals received, individual responses to requests for updates prior to the 120-day timeframe may not be returned until final review of proposals and issuance of an award is completed. PAS utilizes the following review and selection process:

After the NOFO closes, applications are reviewed for eligibility. Those applications found to be ineligible will be removed from the selection process. Applications found to be eligible will be forwarded to an Embassy review committee for consideration. An Embassy review committee will score eligible proposals based on the funding criteria provided in the NOFO. The top applicant(s) will go through additional vetting, risk assessments, and negotiations with a designated PAS representative. If and when the Grants Officer is satisfied, s/he will issue the award(s). Once a grant award(s) is made from this solicitation, those applicants whose proposals were not selected for funding will be notified via email. PAS will send such notifications to the email address listed in box 8f of the applicant's SF424. Applicants should expect to be notified if their proposal has been selected for award within 120 days of the submission deadline.

Federal Awardee Performance & Integrity Information System (FAPIS)

For any federal award issued as a result of this NOFO, applicants are informed

- That the Department of State, prior to making a federal award with a total amount of federal share greater than the simplified acquisition threshold, is required to review and consider any information about the applicant that is in the designated integrity and performance system accessible through SAM (currently FAPIS) (see 41 U.S.C. 2313)
- That an applicant, at its option, may review information in the designated integrity and performance system accessible through SAM and comment on any information about itself that a federal awarding agency previously entered and is currently in the designated integrity and performance system accessible through SAM
- That the federal awarding agency will consider any comments by the applicant, in addition to the other information in the designated integrity and performance system, in making a judgment about the applicant's integrity, business ethics, and record of performance under federal awards when completing the review of risk posed by applicants as described in §200.205 federal awarding agency review of risk posed by applicants

F. FEDERAL AWARD ADMINISTRATION INFORMATION

Federal Award Notices: As described in Section E above, applicants selected to move forward in the review process will be notified via email to the address listed in Section 8f of the

applicant's SF424; this email IS NOT an authorization to begin performance. The Grants Officer is the government official delegated the authority by the U.S. Department of State Procurement Executive to write, award, and administer grants and cooperative agreements. The assistance award agreement is the authorizing document, and it will be provided to the recipient for review and signature through email transmission. The recipient may only incur obligations against the award beginning on the start date outlined in the DS-1909 award document that has been signed by the Grants Officer. See Section D for more information on pre-award costs.

Administrative and National Policy Requirements

Terms and Conditions: Before submitting an application, applicants should review all the terms and conditions and required certifications that will apply to this award to ensure that they will be able to comply. These include:

- [2 CFR 200](#), [2 CFR 600](#), Certifications and Assurances, and the Department of State Standard Terms and Conditions, all of which are available at:
<https://www.state.gov/about-us-office-of-the-procurement-executive/>

High Risk Designation: Awardees that are deemed to be high risk will be held to special award conditions. Due to the challenging operating environment in Afghanistan, awards issued under this NOFO will be designated high risk. At a minimum, the recipient will be required to submit quarterly detailed financial reports (see Reporting Requirements below). Recipients may also be required, upon request of the GO or GOR, to provide electronic copies of receipts or other supporting documentation (e.g., timesheets, travel documents) for costs incurred. The government may withhold 10% of the U.S. government total of the award until final reports have been reviewed and approved by the GO. The recipient may be required to pay all salaries supported by the grant via electronic funds transfer. Other special award conditions may also be included if deemed appropriate by the Grants Officer.

Monitoring and Evaluation: In line with the Department of State's Evaluation Policy, PAS may include this award in its program monitoring and evaluation efforts. When applicable and feasible, the recipient shall cooperate with Grants Officer (GO) and Grants Officer Representative (GOR) requests to contribute data on specific performance measures and indicators; consider GO and GOR input on design and methodology of recipient-led monitoring and evaluation efforts; provide any monitoring and evaluation reports produced under the award to the GO and GOR for review; and incorporate the project into any third-party monitoring evaluation efforts that PAS may initiate.

Reporting Requirements:

- Recipients are required to submit quarterly (calendar year) program progress and financial reports throughout the project period. Progress (narrative) and financial reports (SF-425) are due 30 days after the reporting period. Final certified programmatic and financial reports are due 120 days after the close of the project period.
 - First Quarter (January 1 – March 31): Report due by April 30
 - Second Quarter (April 1 – June 30): Report due by July 30
 - Third Quarter (July 1 – September 30): Report due by October 30
 - Fourth Quarter (October 1 – December 31): Report due by January 30

All reports are to be submitted electronically.

- Given the high risk designation, the recipient will be required to submit quarterly detailed financial reports in addition to the reports outlined in point 1 above. These reports must provide a line-item breakdown of costs incurred or paid (consistent with the recipient's accounting method) on the project, including cost share; should compare the amount incurred or paid (consistent with the recipient's accounting method) on each line-item and budget category to the amounts in the approved budget; and communicate the balance remaining in each line item and budget category.
- The awardee must provide the Embassy on an annual basis an inventory of all the U.S. government-provided equipment using the SF-428 form.
- Applicants should be aware of the post-award reporting requirements reflected in [2 CFR 200 Appendix XII—Award Term and Condition for Recipient Integrity and Performance Matters](#).
- Awardees are required to comply with the following **Special Provision for Performance in a Designated Combat Area**:

The Recipient must report and account for all employees, subrecipient personnel, and contract personnel working under grants or cooperative agreements working in contingency operations outside the United States that involve combat operations. The database to collect this information, called the Synchronized Pre-Deployment Operational Tracker (SPOT), is managed by the Department of Defense.

In coordination with the Grants Officer and Grants Officer Representative, the Recipient generally provides this information to the Department of State SPOT Program Manager (AQMops@state.gov). The Department SPOT Program Manager enters information provided by the Recipient directly into the SPOT system.

For Recipients with personnel who are **NOT** performing private security functions and who do not need access to U.S. government support or facilities:

- Personnel, including U.S. citizens, third country nationals, and local personnel, are accounted for anonymously, in aggregate.
- The Recipient must obtain an aggregate count template from the Grants Officer or Grants Officer Representative, or directly from the SPOT Program Manager (AQMops@state.gov), and return the completed form to the Grants Officer/ Grants Officer Representative or SPOT Program Manager.
- The Recipient is responsible for updating the aggregate count every quarter by providing updated information via the "Aggregate Count" template to SPOT Program Manager for each SPOT award.

For Recipients with personnel who **ARE** performing a private security function; require access to U.S. government support, facilities, or services; or who may be eligible for special refugee or immigration status under U.S. regulation:

- The personnel funded under that award must be entered into SPOT individually with all required personal information.
- The Recipient must enter this information into the SPOT database directly. Unlike the aggregate count process, the Department's SPOT Program Manager does not enter this information into SPOT on behalf of the Recipient.
- The Recipient starts the process by registering for an account in SPOT by contacting the help desk at <https://spot.dmdc.mil/>.

Note: Recipients utilizing armed private security personnel, whether employed directly or via contract, are required to adhere to post policies and procedures regarding private security contractors. As specific post policies and procedures differ in scope and applicability, the Recipient is advised to review post policies carefully and direct any questions to the embassy Regional Security Office through the Grants Officer or Grants Officer Representative.

In addition, the Recipient is reminded that only the Grants Officer has the authority to modify this Notice of Award. Recipients shall proceed with any security guidance provided by the Regional Security Officer; however, the Recipient must advise the Grants Officer and Grants Officer Representative of the guidance received and any potential cost or schedule impact.

G. FEDERAL AWARDING AGENCY CONTACTS

- For questions on the requirements of this solicitation, contact the Grants Manager, Public Affairs Section, U.S. Embassy, Kabul, Afghanistan, at:
Email: KabulPASProposals@state.gov (*preferred method of communication*)
Phone: within Afghanistan: 0700103076; from the United States: 1-301-490-1042 x3076. Note: PAS cannot assist with technical issues with Grants.gov.
- To inquire about the process for obtaining a NICRA, contact AQM-NICRA@state.gov.
- For questions relating to Grants.gov, please contact the Grants.gov Contact Center at 1-800-518-4726 or international 1-606-545-5035. Please note, KabulPASProposals@state.gov is unable to assist with technical questions or problems applicants experience with Grants.gov, DUNS, NGAGE, or SAM. Please refer to the contact information for these organizations/processes provided in this Notice of Funding Opportunity (NOFO).

H. OTHER INFORMATION

Disclaimers

The federal government is not obligated to make any federal award as a result of this announcement. Issuance of this NOFO does not constitute an award commitment on the part of

the U.S. government; neither does it commit the U.S. government to pay for costs incurred in the preparation and submission of proposals. Further, the U.S. government reserves the right to reject any or all proposals received. The U.S. government also reserves the right to make an award in excess of the award ceiling and the right to make an award below the floor outlined in this NOFO. PAS reserves the right to award funding to applicants under this announcement for a period of up to two years after the application deadline.

If a proposal is funded, the Department of State has no obligation to provide any additional future funding in connection with the award. Renewal of an award to increase funding or extend the period of performance, including exercising option periods, is at the total discretion of the Department of State.

The issuance of an award under this NOFO is subject to funds availability. Awards may be granted only if appropriated funds are allocated to the U.S. Embassy in Kabul by Department of State central budget authorities.

Applicants should be familiar with the U.S. Department of State's guidance on travel to Afghanistan, available at <http://travel.state.gov>.

ANNEX 1. BUDGET CATEGORY DESCRIPTIONS

The following provides a description of the types of costs to be included in each budget category.

- a. **Personnel** – Identify staffing requirements by each position title and brief description of duties. For clarity, please list the annual salary of each position, percentage of time, and number of months devoted to the project (e.g., Administrative Director: \$30,000/year x 25% x 8.5 months; calculation: $\$30,000/12 = \$2,500 \times 25\% \times 8.5 \text{ months} = \$5,312$).

Applicants are advised that the Department of State will utilize the National Technical Assistance (NTA) scale to determine if salaries proposed in an applicant's budget are reasonable. Please refer to this website

<http://www.budgetmof.gov.af/index.php/en/nta/about-nta> for information and guidance on the NTA.

- b. **Fringe Benefits** – State benefit costs separately from salary costs and explain how benefits are computed for each category of employee – specify type and rate.
- c. **Travel** – Staff and any participant travel
- International Airfare – list the route, number of trips, and cost per ticket.
 - In-country Travel – list the route and indicate the means of transportation, number of trips, and cost per trip.
 - Travel in the United States, if any – list the route and indicate the means of transportation, number of trips, and cost per trip.
 - Per diem: Includes lodging, meals, and incidentals for both participant and staff travel. Rates of maximum allowances for U.S. and foreign travel are available from the following website: http://aoprals.state.gov/web920/per_diem.asp. Per diem rates may not exceed the published U.S. government allowance rates; however, institutions may use per diem rates lower than official government rates.

Please note that all travel, where applicable, must be in compliance with the Fly America Act.

- d. **Equipment** – Please include equipment required, defined as tangible personal property having a useful life of more than one year and an acquisition cost of \$5,000 or more per unit.
- e. **Supplies** – The specifications and cost of each type of supply proposed (e.g., desktop computer with pre-installed software) must be included in this section. List items separately using unit costs (and the percentage of each unit cost being charged to the award) for office supplies (e.g., office paper and ink: $\$50/\text{month} \times 50\% = \$25/\text{month} \times 12 \text{ months}$).
- f. **Contractual** –

- **Sub-awards and contracts** – For each sub-grant/contract, please provide a detailed line-item breakdown for specific services. In the sub-grant/contract budgets, provide the same level of detail for personnel, travel, supplies, equipment, direct costs, fringe benefits, and indirect costs as required of the direct applicant.
 - **Consultant Fees** – For example, lecture fees and honoraria for outside speakers or independent evaluators: list number of people and rates per day (e.g., 2 x \$150/day x 2 days).
- g. **Construction** – For this solicitation, construction costs are not applicable.
- h. **Other Direct Costs** – Other costs directly associated with the program that do not fit in the other categories. For instance, shipping costs for materials and equipment or applicable taxes. All “Other” or “Miscellaneous” expenses must be itemized and explained. These will vary depending on the nature of the project, and the inclusion of each should be justified in the budget justification narrative. Examples may include photocopying, postage, telephone/fax, or printing (e.g., Telephone: \$50/month x 50% = \$25/month x 12 months).
- i. **Indirect Costs** – These are costs that cannot be linked directly to the program activities, such as overhead costs needed to help keep the organization operating. Organizations claiming indirect costs should have an established Negotiated Indirect Cost Rate Agreement (NICRA). A copy of the NICRA should be provided with the proposal package. If sub-grantees are claiming indirect costs, they should have an established NICRA, and it should also be submitted with the proposal package. Information on how to obtain a NICRA rate is listed in Section G. **If a non-profit organization does not have a NICRA, and the proposal budget has a line item for indirect cost charges, those indirect charges may not exceed 10% of Modified Total Direct Costs.** The 10% maximum does not apply to for-profit entities. For-profit entities that do not have a NICRA but do have a formally established General and Administrative (G&A) rate may apply the G&A rate. For-profit entities that do not have a formally established G&A rate should allocate indirect costs into the appropriate direct cost category.

ANNEX 2. PAS M&E PERFORMANCE MONITORING PLAN (PMP)

PAS M&E PERFORMANCE MONITORING PLAN (PMP)

GRANTEE NAME:

PROGRAM/PROJECT NAME:

PERIOD OF PERFORMANCE:

M&E BUDGET AMOUNT:

Overview:

The M&E Performance Monitoring Plan (PMP) is a program management tool designed to measure progress towards the goals and objectives identified in the NOFO. The PMP also clarifies how and when the grantee will collect data on those indicators, and the resources they intend to use for both program implementation and M&E. PAS recognizes that this document is likely to change over the life of the project, and as such, it will be a work-in-progress. Please be as detailed as possible when filling out the PMP.

If your proposal is accepted, this PMP must be approved by the PAS M&E Specialist prior to finalizing your grants package.

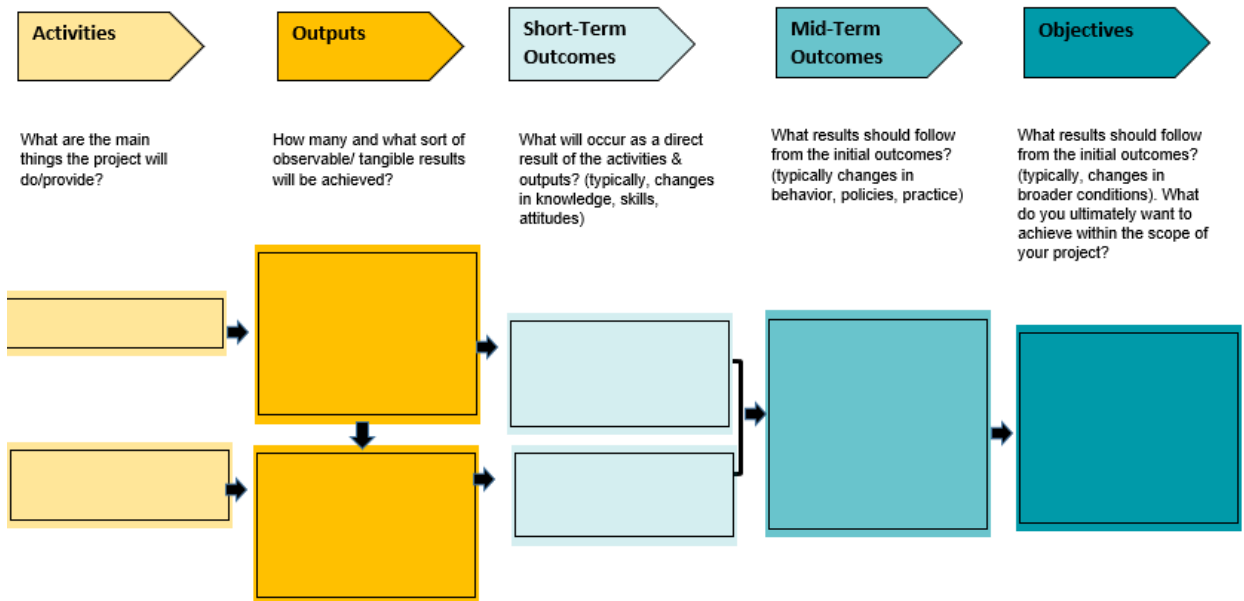

M&E NARRATIVE

Describe how the applicant plans to monitor and evaluate performance and outcomes (results) of the proposed project. Include key personnel, proposed management structure for M&E activities, and describe any methodologies used to capture indicators (e.g. focus groups, surveys, etc.), as well as any technologies used (e.g. online surveys, social media analysis programs, etc.). The narrative should also clearly describe M&E expenditures listed in your program budget. Further, the narrative should demonstrate the organization's capacity to implement the PMP proposed. Limit two pages.

THEORY OF CHANGE

To demonstrate that your project is measurable by design, please include the intended theory of change. This can be done with one, or a series of If-Then statements: "If _____ are completed, then these outcomes (be specific) will result in _____." The theory of change may also be demonstrated with a Theory of Change diagram. A theory of change diagram is a type of logic model that explicitly illustrates the causal pathways between activities, outputs, outcomes, and objectives. There are many versions. An example includes:

ANNEX 2.1. PAS M&E PERFORMANCE MONITORING PLAN (PMP): INSTRUCTIONS

PAS M&E PERFORMANCE MONITORING PLAN (PMP): INSTRUCTIONS

Overview:

The following instructions are meant as a resource for grantees. This document supports grantees when filling in their PMP template (Annex 2). However, this resource can also be used to complete similar PMP or M&E Plan templates specific to your organization, and/or, upon receiving an award, as a reference sheet throughout the duration of your program. This is not a document to include in your application. Please maintain this for your internal records.

Recommendation: Keep your PMPs transparent, concise and as simple as possible.

Key Terms:

Evaluation	Evaluation is the process of determining merit, worth or value of an activity, policy or program. An evaluation should provide information that is credible and useful, enabling the incorporation of lessons learned into the decision-making process of both recipients and donors (Scriven, 1991; OECD, 2002 & 2012).
Monitoring	Monitoring refers to a continuing function that uses systematic collection of data on specified indicators to provide management and other key stakeholders of an intervention with information regarding the use of allocated funds, the extent of progress, the likely achievement of objectives and the obstacles that stand in the way of improved performance (OECD, 2002 & 2012).
Theory of Change	The assumptions that link a program's inputs and activities to the attainment of desired ends. A set of beliefs about how and why an initiative will work. (Weiss, 1995; Church and Rogers, 2006).
Goal	The higher-order aspiration to which a project or program is intended to contribute. A goal should be lofty in nature and not resource dependent. Many projects can contribute to the same goal. The Goal should be written in the NOFO.

Objective	A statement of the condition or state one expects to achieve. Objectives should be concrete, time-bound, and measurable. Follow SMART criteria (see below). The Objectives should be written in the NOFO.
Outcome	The result or effect that is caused by or attributable to a specific activity. Outcomes may be short-term or long-term, intended or unintended, positive or negative, direct or indirect.
Output	Outputs are the products, goods, and services which result from activities. Ex: # of workshops, training hours, pamphlets, social media groups/posts, etc.
Activity	The actions you intend to conduct (training, workshops, screenings, campaigns, etc.) in order to reach your objectives and contribute to larger goals.
Indicator	A particular characteristic or dimension used to measure intended changes. Indicators are used to observe progress and measure actual results compared to expected results (targets). Indicators answer “how” or “whether” a project is progressing toward associated objectives. Indicators should be expressed quantitatively and should be objective and measurable (e.g. numeric value, percentages, indices). Examples of indicators include: number of gender-based violence survivors provided social support services; percent change in knowledge about investigative journalism; % of participants who feel the training is relevant to their career; 100% of milestone 4 achieved. Some indicators may be written in the NOFO.
Target	An expected value or level for an indicator, at a specified point in time in the future. The target shows the level of achievement that is expected in order for results to occur. Targets are compared against actual results. A target is defined for each indicator as part of the M&E PMP. Related terms: Benchmark, Milestone. Some targets may be written in the NOFO.
Method	Methods, sometimes called tools, are the processes one uses to collect data that is used to track indicators. They can include both qualitative and quantitative processes, however indicators themselves must be in quantitative form. For example, one may hold focus groups, a qualitative methodology, to determine perceptions of a countering violent extremism program, however the data extracted may show that 50% of the focus group participants discussed negative perceptions of the programming: Your indicator is “perception of CVE” and your actual result is 50%. A method is used to collect evidence to show you’ve achieved your PMP’s targets.

Filling out the Performance Monitoring Plan (PMP):

1. The Problem Statement, Goal, Audience, and Objective(s) should be identical to the narrative in your proposal. Continuity across all documents is critical.
2. Activities should be the same as those activities discussed in your proposal. Only include one activity per box, aligning the activity with your outcome and output indicators. If using the **M&E Data Worksheet** from the PMP Template (Annex 2), only include one activity per box, aligning the activity with your outcome and output indicators.
3. An indicator “indicates” process or change. An **output** indicator is typically a simple count: # of hours, trainings, students, social media shares or likes, etc. These indicators are used as a basic accounting as to what has happened. An **outcome** indicator shows change over time and can be both qualitative or quantitative. These indicators may include percentage change (in understanding, perception, capacity, either increase or decrease), milestones, etc. **SEE INDICATOR REFERENCE BELOW**
4. Data Collection Methods vary. Some common data collection methods include:

 - Basic counts
 - Case studies
 - Stakeholder meetings
 - Field observation visits
 - Organizational Capacity Assessments
 - Document/Film/Image review
 - Most Significant Change
 - Mobile/Technology Solutions
 - Sentiment Analysis.
 - Social Network Analysis

CHOICE OF METHOD WILL BE BASED ON INDICATOR. There are several online resources on how to conduct the above. Please see below.

5. Justification for the indicators you choose should follow the SMART criteria:

Specific: Clearly defined, objective, not subjective.

Measurable: Change can be demonstrated, quantifiable using available tools and methods.

Achievable: Fits within your capacity, budget and other resources.

Relevant: Tied to intended outputs & outcomes.

Time-Bound: Start and end point clearly defined.

Please formulate your justification in a simple, single statement.

6. Targets/Actuals: This document will be updated every quarterly report with this information.

Input the Quarter of first reporting and the month range. Quarters and months are as follows:

Q1: Oct-Dec

Q2: Jan-March

Q3: April-June

Q4: July-September

If your program is more than a year, cut and paste the entire chart to a new page.

Target: An estimation is the intended results, as defined by the indicator. Ex. 75% increase from pre-to post-test; 65% of respondents agree further work is needed to ease tensions on the border; 10 workshops were conducted.

Actual: This column is for reporting what occurred.

7. How the total of targets is calculated will be determined by the variable. Leave these blank for your GOR to calculate.
